

Congress of the United States
House of Representatives
Washington, DC 20515

October 30, 2019

The Honorable Adam B. Schiff
Chairman
House Permanent Select Committee on Intelligence
HVC-304, US Capitol Building
Washington, DC 20515

Dear Chairman Schiff:

This letter is to demand that I receive access to all deposition transcripts and other records of the House Permanent Select Committee on Intelligence relating to the committee's work on the impeachment of Donald J. Trump. Under Rule XI, clause 2(e)(2)(A) of the 116th Congress, "all committee records (including hearings, data, charts, and files) . . . **shall be the property of the House, and each Member, Delegate, and the Resident Commissioner shall have access thereto.**" (emphasis added). The only exception to this Rule is relating to the records of the House Committee on Ethics.

My understanding is no information contained in these records is classified. However, to the extent any information related to those records is classified, please provide access to the materials I have requested redacting the classified information. If any information is redacted as classified, this letter shall also serve as my official request to review that information pursuant to Committee Rule 14(f) as part of my constitutional duties as a Member relating to the impeachment process.

Thank you for your attention to this letter. I look forward to your prompt response.

Sincerely,

Bradley Byrne
MEMBER OF CONGRESS
